Garden Tour Starts March 29

Mississippi Gulf Coast Council of Garden Club will conduct their annual Spring Pilgrimage the week of March 23 through March 29.

The Pilgrimage will begin on Friday, March 23 at Biloxi, and on Saturday, March 24 will be at Pascagoula. Sunday, Mar. 25, Gulfport will be host. Tuesday, Mar. 27 the tour of homes and gardens will move to long Beach. It will continue at Pass Christian Wednesday, Mar. 28 and will conclude on Thursday, Mar. 29 in the Bay St. Louis and Waveland area.

Among the homes which will be opened during the Bay-

Waveland Pilgrimage will be the home of Mr. and Mrs. E. M. Brignac, 920 S. Beach. This is one of the outstanding homes on the Gulf Coast, set amidst many acres of landscaped gardens which include some of the finest oak trees in this part of the country.

Enclosed with wrought-iron fence with master gateways, this home has in addition to the main house, guest cottage and play-rooms, all surrounded by azaleas and camellias.

Coffee will be served to visitors at the Brignac home.

A large number of gardeners are readying the lovely grounds and gardens for the guests.

Named Queen Of 4-H Club

Miss Sylvia Tamplin will represent Bay High 4-H Club at the South Mississippi Livestock Show scheduled for April 6.

Miss Tamplin, a BHS junior, was elected queen by the boys of the 4-H Club in a meeting held last week. Miss Carol Johnston and Miss Connie Rippe were runners up.

Alton Barber, club sponsor, said that all of the boys in the club received their 9th Mississippi 4-H Annual of Junior Leadership.

Carroll Gartin To Be Speaker at SSC Alumni Banquet

Annual St. Stanislaus Alumni Banquet will be held at the St. Charles Hotel, New Orleans, beginning at 5:30 p.m. Sunday, Mar. 11.

W. S. App, Class 1935, president of the Alumni Association, will preside as Toastmaster.

Principal speaker will be Lt. Gov. Carroll Gartin. Lt. Gov. Gartin is well known in the state as an after-dinner speaker due to his sparkling wit and humor.

A large delegation from Bay St. Louis and Pass Christian will attend the festivities this Sunday evening in New Orleans.

ASKS AUDIT OF FUNDS GIVEN K. D. HOSPITAL

Traub 18-Vote Victor in Close Commissioner Race Saturday

A request for an audit of public funds given King's Daughters hospital was made by Mrs. E. C. Samuel at a regular meeting of the Board of Supervisors Monday.

Mrs. Samuel, acting in the capacity of a taxpayer, pointed out that thousands of dollars of taxpayers money are being donated annually to the hospital.

In compliance with her request, the Board referred the matter to their attorney, Sam L. Fayre, asking for an opinion to be given at a recess meeting at 9 a.m. today.

The Board of Supervisors has invited local physicians to be present at the meeting.

According to the ECHO, Walter Gex, a member of the Hospital Board, declared on June 16, 1955 that no audit of hospital books had been made in the past, but audits would be made in the future and an annual report would be made to the public.

However, according to another member of the hospital board, nothing has been done in the way of an audit in the last eight months.

Mother Recruiting Under Way For Cage Tilt

All mothers interested in playing or cheering for the Mothers vs. Daughter basketball classic March 13 are requested to be at St. Joseph Academy gym at 8:00 p.m. tonight for practice.

Mrs. Sheldon Seuzeneau, coach of the mothers team, said it was not necessary to have a daughter on the SJA team to be eligible to play.

"All that is needed," she declared, "is a spirit of enthusiasm, which is not hard to acquire after one practice."

Books Donated To Local Library

Several new books have been sent to the City-County Memorial Library as gifts this week, Miss Louise Crawford, librarian, announced this week.

The Devore Foundation of Wichita, Kans. has chosen the local library is one of the recipients of a beautifully illustrated book.

Seven Hancock Mishaps Listed Among 45 February Automobile Accidents

NEW WILDCAT SLATED FOR HANCOCK

A new wildcat operation in Hancock County is scheduled to get under way immediately with J. Willie Hughes preparing to deepen his Weston Lumber Co. No. 1, sec 34-38-16W.

Operator plans to reopen the wildcat which was abandoned last summer at a total depth of 10,300 feet and drill to approximately 10,900 feet or deep enough to test the producing zone found in the one well Ansel field. The new test is located approximately seven miles northwest of Ansel.

Approximately a mile south of the discovery well, in the field Marshall R. Young is drilling below 9,900 feet in his Baldwin No. 1, sec. 31-36-15W. Operators are seeking production in the Washita-Fredrickburg zone at approximately 10,300 feet. It is reported that the venture looked slight shows in sample cuttings from 9766-68 feet with no cores being taken at that depth.

Seven automobile mishaps in Hancock county were listed among 45 accidents occurring during February in the six counties of District 8, Mississippi Highway Safety Patrol reported yesterday. Hancock and George were the only two counties without a traffic fatality.

Two local accidents were caused by animals and two injuries were listed.

Harrison claimed the largest number of accidents, a total of 24 in which 12 persons were injured and two fatalities occurred.

Property damage by counties was estimated at \$12,005 for Harrison; \$4,600 for Pearl River; \$4,500 for Jackson; \$2,380 for Hancock; \$890 for George and \$105 for Stone.

Reckless driving contributed to 18 of the 45 accidents all but three of them in Harrison; wet roads were responsible for six; animals caused four; improper turns accounted for three.

Cases of two were classified under drunken driving, sleeping at the wheel, pedestrians, improper equipment, and one each as follows: losing control of car, speeding, tries, red lights, fog and driving too close.

The safe pictured here was found this week and reported to Sheriff Sylvan Ladner and Constable Harlan Dean. The safe, with the bottom blown out, was recovered by the officers in Devil's swamp about 4 miles east of Pearlington.

A sticker on the safe said "J. P. Coates, New Orleans Safe Co. June 10 1949." The number 3295 also appeared on the side of the safe.

The New Orleans Police Department has been notified but no reports have been made on the safe to date, and none locally.

The combination on the safe was intact. It was estimated to have been in the swamp 3 or 4 weeks.

GARMENT FACTORY FOR PASS

Pass Christian Mayor Francis Hursey announced Wednesday that a women's wear manufacturing company, with production hoped to begin in early summer, will be built on the old public high school property which fronts Beach and Second streets in the Pass.

Over 60 persons, representing a weekly payroll of more than \$3,000, will be employed from the Bay St. Louis-Pass Christian area, according to E. O. Whitman, Gulfport, who is heading the development of the management organization.

Whitman said the new factory has been tentatively named the Lemoyne Manufacturing Co.

Completely air conditioned, the factory will have approximately 8,500 square feet in the work area, including space for more than 60 sewing units and two 116-foot cutting tables.

One of the terms of the lease provides that construction of the factory building begin by May 15.

The new structure will be erected to the rear of the present old school building—once the Pass Yacht Club and now used as the town's youth center.

However, plans do not call for utilization of the school site.

SON FOR QUINTINIS

A2c and Mrs. Pere Quintini announce the birth of their first child, a son, on Friday, Mar. 2, at South Harrow, Middlesex, England.

Mrs. Quintini is the former Margalo Damborino, daughter of Mr. and Mrs. John Damborino.

Mrs. Damborino is in England visiting the Quintinis.

Bill Argus Jr. Wins Ninth District American Legion Oratorical Contest

A Hancock County boy was named winner of the 9th District American Legion Oratorical Contest in Gulfport yesterday after winning a local contest here earlier this week.

Bill Argus Jr., a junior at St. Stanislaus, and son of Mr. and Mrs. W. L. Argus of Bay St. Louis, was declared winner this week of the Hancock County preliminary contests of the annual American Legion oratorical contest on the subject of the Constitution, Fred E. Payard Sr., Americanism chairman of Clement R. Bon Temps Post 139, announced.

The oratorical contests are sponsored by the American Legion to promote a better understanding of the Constitution and the high ideals of true Americanism among the youth of our country.

The local Legion Post awarded a \$25 government bond to the winner of the local contest, and to his faculty supervisor, Brother Hubert, SC, of St. Stanislaus, a fountain pen and pencil set.

Three From SSC In Lion Band

Three St. Stanislaus students, Jimmy Raymond, Edsel Alcorn and Charles Bishop, were selected along with half a dozen Coast students for membership in the 1956 Mississippi Lions' All-State Band which will attend the Lions International convention in Miami.

Raymond, a clarinetist, last year went with the All-State band to Atlantic City where Mississippi placed 6th in a field of over 50 bands. Alcorn, a SSC boarder, plays the alto saxophone, and Bishop, Pass Christian, plays the trombone.

Brother Romuald is head of the music department at St. Stanislaus.

This year the band will train at State College beginning on Sunday, June 17 and will leave the following weekend for Miami where their headquarters will be the Hotel Patricia.

On June 3 the band will play a concert rehearsal in Jackson.

Along with Raymond, Jerry Bienville, also representing SSC and Bay St. Louis, made the trip last year and in 1954 Bay High's Clela Kay Miller, bassoon, went to Chicago.

NASH ROBERTS TO ADDRESS ROTARY

It was announced this week that guest speaker for the local Rotary Club program Wednesday, Mar. 14 will be Nash Roberts, nationally known weather forecaster from New Orleans.

Roberts has received nationwide recognition on several occasions for his outstanding work in the field of weather, meteorology and navigation. He is owner and director of the Roberts school of Aeronautics and Chief Forecaster for Consulting Weather Service.

In addition, Roberts produces the Jax Weather Show on television five nights weekly.

Postmaster and Superintendent Are Stricken Ill

Fred Herlihy is in serious condition at King's Daughters Hospital following a heart attack last week end.

Although he is not yet allowed visitors, it was reported he has been spending "restful nights."

Saul J. Ingram, Superintendent of City Schools, became suddenly ill at a Rotary Club luncheon Wednesday.

He was rushed to King's Daughters Hospital for treatment and observation, where he is reported "doing well."

RC Drive Nears \$1000 Mark

At the end of the fifth day of this year's Red Cross Fund Drive, donations neared the \$1000 mark, representing about a fifth of the total quota, according to Kenneth Pepperdine, chairman of the campaign for the Hancock County Chapter.

"This is not a complete figure, as we have not had reports on collections from most of our workers yet," Pepperdine said. "We expect to have progress reports from all workers by Friday, and hope by that time to have at least a fourth of the quota collected. With three weeks left in the campaign, that should give everyone time to help us go over the top."

"At this time, we would like to call the attention of the public, who may be confusing this drive with the other two that have taken place during the last two months, that the present Red Cross drive is always held annually during the month of March. We were asked by several of our workers to speed up this campaign, and as one or two persons approached, were under the impression that they already had contributed to Red Cross."

Red Cross collections shown in the picture are Red Cross volunteers from Bay St. Louis, who visit Keeler hospital regularly to help cheer the shut-ins there. Pictured are Miss Shirley Miller, left, and Miss Patsy Shadoin.

Flink Murder, Boy's Death On Court Agenda

March term of Circuit Court will convene Monday, Mar. 12 in Hancock County, and the Grand Jury will meet to consider a number of criminal cases, including the murder of Charles Flink and the death of Edgar Moran Jr., who was struck by an automobile.

Dale Morris, who is being held as a suspect in the Flink murder, has been kept in safe custody in the new Jackson County jail in Pascagoula.

Held in the Jackson County jail are two colored men accused of being involved in the death of young Morgan, son of the late Morgan, son of the late Morgan, son of the late Morgan.

Bishop Officiates at Pass Dedication; Msgr. McCarthy Is Principal Speaker

Dedication ceremony of the new St. Paul's gymnasium in Pass Christian was held Sunday afternoon when Bishop Richard O. Gerow blessed the building after a short musical program given by students of St. Joseph School.

Mayor Francis Hursey was master of ceremonies. St. Stanislaus Band under the direction of Brother Romuald presented a concert.

The Rt. Rev. Msgr. Michael J. McCarthy, pastor of Our Lady of the Gulf Church, was principal speaker. He commended the new building to the students and the parishioners for the work they have done.

Following Msgr. McCarthy's address, Bishop Gerow gave the benediction and St. Stanislaus Band played the closing hymn.

One Way—Best Way?

It seems to us the simplest solution to the traffic problem around the county court house would be to make Cue and Gex streets, which flank the courthouse on the east and west, one way streets.

Under present usage, cars are parked on both sides of these streets, leaving only a single traffic lane down the center.

Very often cars using these streets meet in the center, and one must back out into either Court or Main street to let the other pass. This creates considerable traffic hazard, as a car backing into Main St., especially during the rush hours, does so at no little risk.

Another solution would be to permit parking on only one side of Cue and Gex. However, the parking space is urgently needed.

Making Cue St. and Gex St. one way, in opposite directions, would still leave double parking space, and would make both streets more negotiable.

Coates' Cotton Curtain

Mrs. Julia Hose of Waveland recently sent us a clipping from a California paper of a column by Paul V. Coates.

Under a heading "A New Vengeance," Coates purports to narrate how we of the South are "taking vengeance" on the Negroes

in Mississippi for "demanding justice" in what he calls as the kidnapping and murder of a 12-year-old Negro child.

Among other ridiculous statements made by Coates, he says that "in punishment for the outrageous crime of the Southern Negro asking justice, they are now being systematically starved to death."

The "credit squeeze" which he claims is being used to persecute Southern Negroes he describes as being "desperate and widespread," with Negroes "fired from their jobs, kicked off their tenant farms and refused loans."

"The negro farmers paid off their debts, as usual, when the harvests were in this fall," he declared, "but when they went to get credit a few days later at the grocery store, they were refused food and supplies just for the crime of being Negroes."

He said that "help is on its way from Los Angeles to Mississippi. And it's nice to be able to report that Los Angeles is the first city in the country to try to reach behind the Cotton Curtain to rescue those being starved by this new policy of race hate."

He says their goal is a "boxcar loaded with the necessities of life for the people of Mississippi from the people of Los Angeles."

All we can say to Coates is that when they ship that boxcar he'd better climb aboard, drop off in Hancock County and check on some of his facts. A few platters heaped with gumbo, red beans and rice, broiled flounder, stuffed crabs and such other sundry items as our Negroes are "starving to death" on might relieve his somewhat jaundiced outlook.

And while he's here with his boxcar, we'll load it up with hickory switches for him to take back to California with him. He might find them handy in curbing some of the teenage gangs that are practically taking over some sections in his part of the country.

And as for his garbled account of what is going on in Mississippi, we are truly sorry that he undoubtedly has misled a lot of innocent readers. However, despite the fact that our state is "torn by race hatred and full of merciless people," our multi-million dollar tourist trade continues to boom, and many of his intrepid readers undoubtedly will the summer is over. And when they return home they without a doubt will do much to put the record straight.

LETTERS

To The Editor

To the Editor:
Hearing the alert whistle certainly gives a person a sense of security against an enemy, a bad neighbor, and to be thankful that we have such a good government, city, state and federal, who are ready at all times to protect us from an enemy, a bad neighbor.

If people would use their talents that God gave them, mind their own business, and keep their own borders clean, there would be no such thing as an enemy, a bad neighbor. There is nothing worse than an enemy, a bad neighbor. You never know when they will strike.

Open Letter to parents and Citizens.

Examined in the cold and impartial light, of full and well-documented facts, the shocking injustice of the recent action of officials of the Mississippi High School Activities Association in suspending St. Stanislaus and thereby injuring hundreds of innocent children, because of an incident between two private school students for which the school nor anyone officially connected with it can rightly be held responsible—morally or otherwise—should jolt other parents and all fair-minded citizens into concerted action to rid our schools of Mississippi of such outlandish procedures.

It was disgusting to witness as I did at the appeal hearing in Jackson before the state board of this schoolmasters' association, a group of supposedly responsible and intelligent schoolmen, in the face of overwhelming evidence to the contrary, slyly interpret a rule of their association in such a way as to allow the punishment of innocent victims for a crime they did not commit. Is this American justice? It comes astonishingly close to Katyn-style massacre methods of the Russians or mass execution, Gestapo-style.

The facts clearly reveal, beyond the shadow of a doubt to any intelligent person with malice toward no one, that this incident was clearly a case for the civil authorities. It was a case of injury of one private citizen by another, and took place well beyond the valid jurisdiction of St. Stanislaus or Bay St. Louis High School, where the incident occurred.

Furthermore, THE BLAME HAD ALREADY BEEN FIXED AND THE CULPRITS BROUGHT TO JUSTICE BEFORE THE DISTRICT HEARING IN HATTIESBURG, WHEN THE PUNITIVE PROCEDURES WERE FIRST TAKEN AGAINST ST. STANISLAUS.

I submit, to any fair-minded person, that if St. Stanislaus is to be held responsible through the fact that the offender was the father of a Stanislaus basketball player, was INDIRECTLY connected with the school, then Bay High is equally culpable, through the fact that the same offender, AS AN ALUMNUS OF BAY HIGH, WAS DIRECTLY connected with that school. He cannot rightly be held OFFICIALLY CONNECTED with either school.

Furthermore, the incident took place after a Stanislaus game in Bay High's INVITA-

TIONAL TOURNAMENT

WAS THE ALUMNUS OF BAY HIGH at the tournament as a partisan fan of Bay High or Stanislaus? As a graduate of Bay High, myself, I would like to know the answer.

It is ridiculous to say that either school was responsible for his private actions after he left the school.

All these and other facts were brought to the attention of the district committee and to the director of activities at the time of the first hearing, and, subsequently repeated to the state executive board in Jackson on February 18.

As outraged parents of injured children and also as persons with a thorough knowledge of the character training our boys are receiving at St. Stanislaus, WE WOULD LIKE TO KNOW WHY THE PENALTY WAS INFLICTED ON ST. STANISLAUS ANYWAY?

Are the officials of MHSAA elected to find some school to punish, even when they are not guilty, OR ARE THEY ELECTED TO STEER THE ASSOCIATION ALONG CONSTRUCTIVE LINES FOR THE PROTECTION OF ALL OUR CHILDREN?

This MHSAA is a voluntary organization of school principals of practically every school, both public and private, in the state of Mississippi.

WE CITIZENS SUPPORTING THE PUBLIC SCHOOLS THROUGH OUR OWN POCKETS HAVE A RIGHT TO KNOW WHAT IS GOING ON. WE PARENTS OF CHILDREN IN A PRIVATE SCHOOL AS WELL AS THOSE OF CHILDREN IN PUBLIC SCHOOLS HAVE A RIGHT TO KNOW WHAT IS HAPPENING TO OUR CHILDREN IN ALL THE SCHOOLS!

The officials excuse their action blandly, on the basis of a rule of the association, which they are bound to carry out. They don't even have the stamina to stand or fall on their own interpretation of that rule. They blame their member schools.

As citizens and parents, we demand to know why such a loosely put together and ambiguously worded rule has been on the books so long? Why haven't the officials taken the leadership in pointing out the glaring deficiencies of it? That's what they are elected for, presumably.

One answer may be given. The rule, as it now stands, can be interpreted to suit the whimsical purpose of the officials at any given time, regardless of the facts of the cases before them. They have even rendered decisions contradicting themselves on instances of similar nature as this one involving St. Stanislaus. In some cases they

have taken no action at all, or at best, only salutary warnings.

Are intelligent people, whose innocent children have been injured, supposed to swallow this clap-trap? WE ARE NOT SATISFIED WITH THE EXPLANATIONS OF THE MHSAA AND PUBLICLY DEMAND A MORE SENSIBLE ONE.

The attitude of the officials at the hearing in Jackson, toward our views as parents, was one of utter disinterest. They even shamelessly told us to shut our mouths and not be so noisy. It is a direct violation of fair play and sportsmanship under which not even an accused person shall be punished until he is proved guilty beyond the shadow of a doubt.

In no instance, absolutely no instance, does it tolerate the punishment of the innocent along with the guilty.

Our children have already lost their rightful competitive activities. The debates are over. My two sons' whole year's work has gone by the board. They are now puzzled, outraged, embittered youngsters and I am disappointed with them.

But perhaps a greater good can be achieved from their wrecked hopes. Other parents will understand that in fighting to change these insidious rules, are now fighting, not only for any selfish interest of our own, but for all other boys and girls, to prevent recurrence of this regrettable situation to prevent other defenseless children from feeling its cruel blow.

This is a battle all parents should and must join—for whose child will be unjustly chastised next?

responsible for?

Yes, you may well shudder, dear fellow taxpayer, for you already know the answer. How lightly these officials treat the contents of our pockets. It is absurd and outrageous, at one and the same time.

Certainly, when clear-thinking member schools voted to include this rule in their by-laws to cover such incidents, they could not possibly have had such a thing in mind!

The ridiculous and completely outrageous punitive procedures employed by the MHSAA officials, who high-handedly and flagrantly admit that they purposely punish the innocent to keep control over the guilty—is shocking. It is a direct violation of our whole, American system of justice (to say nothing of fair play and sportsmanship) under which not even an accused person shall be punished until he is proved guilty beyond the shadow of a doubt.

In no instance, absolutely no instance, does it tolerate the punishment of the innocent along with the guilty.

Our children have already lost their rightful competitive activities. The debates are over. My two sons' whole year's work has gone by the board. They are now puzzled, outraged, embittered youngsters and I am disappointed with them.

dream... The people of Bay St. Louis have God to thank for having such a nice clean, pretty place to live in and to thank that nice young bunch of men, your Mayor and your Commissioner, for their great work... I know them all. So help them. Keep your home town looking pretty.

That bridge over the Bay is prettier than the Golden Gate, Washington in Jersey, or any other I have seen.

The highway is tops. The buildings on that highway (are)... very pretty.

My brother, Horatio, has never told me how pretty those things are. Why? Because he like the rest of you people, see the same thing every day. It looks the same. Travel a bit and you will see what I mean.

No industry, it is true, but Heaven on earth it is, the Bay and Gulf Coast.

I thought I would write a letter to the people of my old home town to let them know what they don't know they have.

"Mr. Watson, come here, I want you!" And Watson came a-running, for to his amazed surprise the words came, accidentally, through Alexander Graham Bell's new telephone, and they came clearly.

Through forty feet of wire this sentence rolled out, covering the years that the inventor Bell had struggled in silence, and opening a new era in personal communication.

And that was eighty years ago tomorrow, according to an almanac put out by the Bell Telephone Company.

This medium has served many men and many minds since the uttering of that first simple sentence—on up to the marvelously complicated, intentionally "scrambled" intelligences now used in modern communication.

Men have always managed by one means or another to communicate important information whether by the ancient fires of juncos away. However, their Troy, the smoke signals of the 34-5 record and seven first place winners of Paul Revere that naments is a record hard to swung aloft in the steeple of beat.

Local basketball is now reaching a peak, although it's been a lonely rise since attendance has been low. But more about that next basketball season.

Incidentally, when the steeple of North Church, blown down during a hurricane, was being restored last year, the workmen atop the steeple platform were guided by telephone.

Sic semper progressio!

Congratulations to the Green Wave of Sellers!

In case anyone wants to know what for—the Green Wave of Sellers rolled all the way to the Mississippi State Class B-BB cage tournament at Jackson and claimed fourth place there.

For the second successive year Hancock County has sent a powerhouse to the capital, and A-AA teams—an achievement that should be recognized.

L. C. Ladner who changed to third place, losing a couple of heartbreakers that tossed the quints.

Mayors, City Officials to Confer on City Problems During Third Annual Conference at University

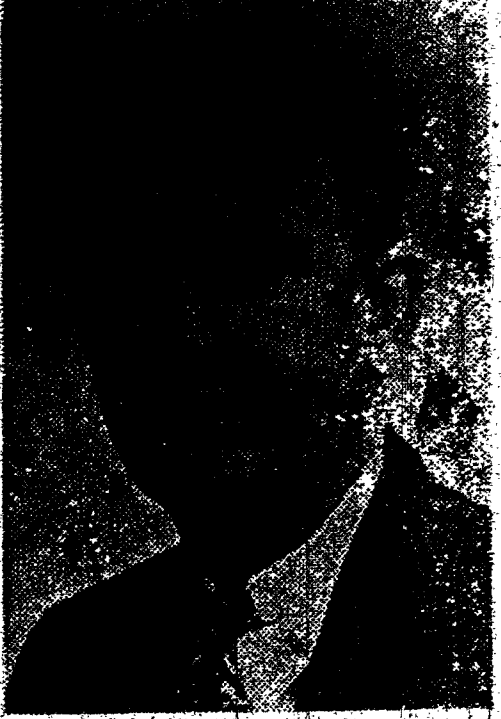

Allen C. Thompson, Mayor of Laurel, will speak on "Municipalities at Mid-Century". Mr. Thompson is immediate past president of the Mississippi Municipal Association, and has been Mayor of Jackson since 1949.

William S. Bonner, associate professor at the University of Arkansas, has been in charge of that University's city planning program since 1950. He will speak on "State Aid to Municipal Planning in Arkansas".

Richard W. Elliott, Mayor of Oxford, will lead the final discussion of the conference. Mr. Elliott was elected Mayor of the City of Oxford in 1953 and at the present time he is on the executive council of the Mississippi Municipal Association.

John E. McEachin, City Manager of Grenada, will lead a general discussion of municipal problems the first afternoon of the conference. Mr. McEachin has served as prosecuting attorney of Jones County, and has been Mayor of Laurel for the past four years.

John E. McEachin, City Manager of Grenada, will lead a general discussion of municipal problems the first afternoon of the conference. Mr. McEachin has served as prosecuting attorney of Jones County, and has been Mayor of Laurel for the past four years.

William Henry Harrison, regional administrator of the Housing and Home Finance Agency, will follow a discussion period until 6 p. m. led by Andrew S. Scott, Mayor of Laurel, and James L. Ballard, Mayor of Tupelo, will round out the conference work for Sunday.

Victor C. Hobday, executive director of the Municipal Technical Advisory Service, will follow a discussion period until 6 p. m. led by Andrew S. Scott, Mayor of Laurel, and James L. Ballard, Mayor of Tupelo, will round out the conference work for Sunday.

Pat Kelly, Mayor of Vicksburg, will serve as a discussion leader during the second morning of the conference. Mr. Kelly has been Mayor of Vicksburg since he was elected to fill an unexpired term in October 1949. He also serves on the executive committee of the Mississippi Municipal Association.

The third annual conference of Mayors and Municipal Officials, to be held at the University of Mississippi March 12-14, will feature a slate of 12 speakers and discussion leaders who will treat problems in administration peculiar to the municipalities of Mississippi.

Allen C. Thompson, Mayor of Jackson, and 1954-55 president of the American Municipal Association, will open the conference Sunday afternoon with a discussion on "Municipalities at Mid-Century"; and a discussion of "Amendments to the Housing Act of 1954" by William Henry Harrison, Atlanta, regional administrator, Housing and Home Finance Agency, will follow.

A discussion period until 6 p. m. led by Andrew S. Scott, Mayor of Laurel, and James L. Ballard, Mayor of Tupelo, will round out the conference work for Sunday.

Work will begin again Monday at 9 a. m. with a discussion of "The Role of a Municipal Technical Advisory Service" by Victor C. Hobday, executive director of the Municipal Technical Advisory Service, and a discussion of "Municipalities at Mid-Century" by Mr. Hobday's address will be followed by a general discussion of "Amendments to the Housing Act of 1954" by William Henry Harrison, Atlanta, regional administrator, Housing and Home Finance Agency, will follow.

Following the discussion period, the "Basic Procedures of a Mayor's Court" will be outlined by John H. Fox, Jr., professor of law of the University of Mississippi.

Movies of the 1956 Cotton Bowl game will be shown during luncheon, and conference work will resume at 2:15 with a discussion of "State Aid to Municipal Planning in Arkansas" by William S. Bonner, associate professor and director of the City Planning Division of the University of Arkansas.

The conference will end with a roundtable discussion of "Municipal Finance in Mississippi" led by A. J. Read, City Manager, Picayune; John E. McEachin, City Manager, Grenada; Laz Quave, Mayor of Biloxi; and Richard W. Elliott, Mayor of Oxford.

The conference is sponsored by the Mississippi Municipal Association and the Bureau of Public Administration and the Department of Political Science of the University of Mississippi. The program has been coordinated through the Department of Conference and Institutes of University Extension.

DRIVERS LICENSE PRICE HIKED TO \$4.00 BY MISSISSIPPI LEGISLATURE

Mississippi driver's license would be charged for a one-year renewal.

Commercial license fees also received a boost as a result of legislation. Effective March 1, commercial drivers' permits were increased from \$5.00 to \$7.00 per two years. The metal commercial badges will no longer be required.

Birdsong pointed out that the increase in driver's license fee was effective March 1, and means that two-year renewal fees will now be \$4.00 instead of \$2.00 as previously levied.

Provisions of the Bill increasing the driver's license fee, however, permit the licensee to elect the option of a two-year or one-year renewal. A \$2.00 fee for a duplicate permit.

Incentive Payment To Wool Growers May Be Down

Despite the efforts to get details of the new wool program to wool growers, reports reaching the Mississippi Agricultural Stabilization and Conservation Office indicate that at least a few growers will be disappointed when their wool incentive payment is received.

The disappointment will result from failure of growers to realize the often emphasized point that the size of the incentive payment depends on the price received for the wool.

With the second wool marketing year under the new program starting April 1, 1956, Fitzhugh Lee, chairman of the Hancock County Agricultural Stabilization and Conservation Committee again points out crop, with few exceptions, has that the more the grower gets when he sells his wool, the greater will be his incentive payment—the lower the sale, the smaller the payment.

Here's the way Chairman Lee explains it. The payment will not be determined until the year you get what you sold your wool for. The year you get what you sold your wool for, the greater will be the incentive payment.

be based upon the percentage needed to bring the national average return to wool growers to 62 cents a pound. The words "national average" are significant. So is "percentage."

If it figures out that a 15 per cent payment is needed to bring the national average return to 62 cents per pound, the grower will get a payment based on 15 per cent of what he received when he sold his Hancock County Agricultural wool.

It is recognized that the 1955 season has been sold. Nothing can be done about that. But another greater will be his incentive payment—the lower the sale, the smaller the payment.

Big Year For Southern Bell

The Southern Bell Telephone Company, which serves Bay St. Louis and 1,000 other telephone exchanges in Mississippi and eight other southern states, celebrated one of its largest years of expansion during 1955, according to the company's annual report received here today.

It built the largest amount of telephone facilities for the South of any year in history, with 4,469 employees. The report, distributed by J. C. Dabney, manager of Southern Bell, points out that 19,000 new telephones were installed during the past year in Mississippi during the past

The report brings out the tremendous effect exerted on the economy of the South in the past ten years by the more than \$1.5 billion of new telephone facilities built by Southern Bell, the more than \$1.5 billion paid in taxes and the other contributions made by the company to the region.

Heavy Demand In 1955

Not since 1948 has the demand for telephone service been as great as in 1955. During the year, 349,007 telephones were added. In addition, 276,299 party line users were provided, private lines or higher grades of party line service. Yet the demand for service continued so strong that 149,020 orders for higher grades of service and 96,164 unfilled orders for service were carried over into 1956.

With almost 86 per cent of them dial-operated, compared with

FERTILIFE ORGANIC COMPOST

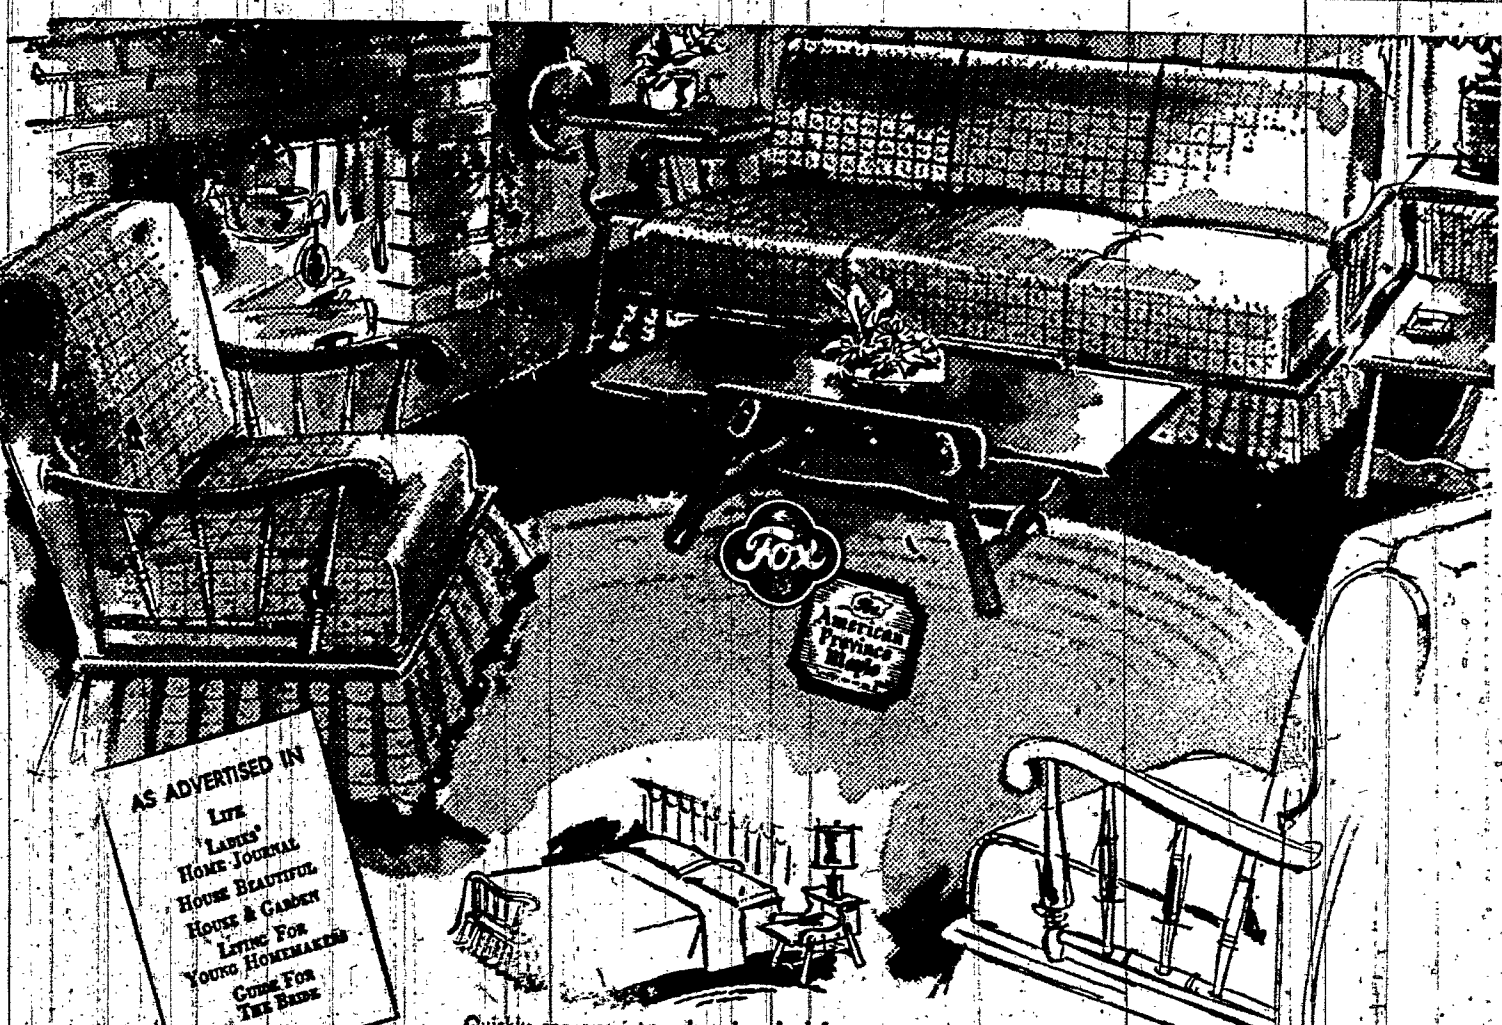

Fertilife is brand new yet old as nature!
There's nothing like it for producing large
early-blooming roses that keep blooming
all summer long! Use Fertilife when
preparing soil for planting, as well as
for feeding and summer mulching. Fertilife
conditions soil by restoring organic matter
to make even dense, compact soils loose,
airy, and granular. It is scientifically
composed from cattle manure at the
Chicago Stock Yards. It is free of offensive
odor, weed-seeds, will not burn.

Fertilife Puts New Life Into Soil!

OUR MISSISSIPPI INCOME TAX LAW

Historical — Administration

Mississippi has had a net income tax law since March 1912. Although many years have passed there are many persons unable to pay income tax to the state of Mississippi who do not now that there is such a law and who are wholly unacquainted with its provisions and requirements.

For that reason, it is necessary that an effort be made to try to inform them of the fact that there is such a law and of some of its requirements. This is being done through the generous and wholehearted cooperation of the press of the State of Mississippi, which has gladly donated space for this information which, it is hoped, will be welcomed by all present and future State income taxpayers.

The Mississippi income tax law was first enacted on March 16, 1912. This early statute imposed a tax of 1% on the net income of every individual or corporation in excess of \$2,500.00. This law was repealed on April 1, 1924, and was replaced by a modernized statute, closely modeled after the Federal income tax law then in force, which has been changed little since that time. Exemptions and rates have been changed by ten sessions of the legislature since 1924. The above provisions of the statute are almost identical with those enacted thirty years ago.

The yield has varied greatly during this period. During 1932, the state income tax produced a total revenue of \$328,498.40. The high year was 1951, when the state collected income taxes in the sum of \$15,568,942.38.

Our Mississippi income tax law is administered by the Commission of Income Tax, who, by the provisions of the statute, is the Chairman of the State Tax Commission. The Commission, in his effort to serve all taxpayers as expeditiously as possible, has created and placed in operation nine district service offices. These offices are located in Senatobia, Tupelo, Greenwood, Columbus, Jackson, Meridian, Brookhaven, Gulfport and Gulfport. Anyone who wishes information relative to the State income tax law, or who desires help in determining his income tax liability, if such exists, will receive such assistance or advice by writing, telephoning, or calling at any of these offices. Every effort is made to make the taxpaying process as pleasant as possible. The employees of the State Tax Commission fully realize that their task of assisting the taxpayer is much less onerous than that of paying the tax which may be due. They also realize that the taxpayer is their employer, and while they will give advice when requested, returns which they may prepare for any taxpayer are, in the final analysis, that taxpayer's return and the taxpayer is responsible for the figures and the information appearing thereon.

This is the first of a series of short discussions concerning our Mississippi Income Tax Law. Successive discussions will relate to "Who Should File a Return," "What Constitutes Gross Income," "Deductions of the Deductibility of certain items such as business expenses, taxes, interest, contributions, et cetera, and some of the principal differences between the State and Federal Income Tax Laws."

SAVORY VEAL WITH RICE

2 pounds veal steak
1/2 cup flour
1/2 teaspoon salt
1/2 teaspoon pepper
1 teaspoon paprika
1/2 cup salad oil
1 clove garlic, minced
1 cup sour cream
1/2 cup water
3 thin slices of lemon
2 cups onion rings
3 cups hot cooked rice

Remove meat from skillet. Four off fat. Add garlic and sour cream to skillet and stir until smooth. Stir in water. Place meat in the gravy. Cut lemon slices in half and arrange over meat. Cover with onions. Bake at 350° for one hour, or until the meat is very tender. Heap hot rice in center of plate. Arrange meat around rice. Pour gravy over meat and rice. If the gravy is too thin, thicken slightly with a paste of flour and water. Yields six servings.

So this is HOMEMAKING

The reason I went to cooking school was because a certain movie star did. I saw the movie three times trying to master her technique of breaking an eggshell with one hand. At home, I broke, cooked, and served innumerable eggs. Finally, my husband rebelled.

"Your new RCA Estate range is a pretty versatile unit, isn't it?" he prompted.

"Of course," I bit, "grills, bakes and barbecues all at the same time."

"Great," Bill countered, "grill, bake or barbecue something for dinner tomorrow. Anything, as long as it isn't eggs!"

Sometimes I can be as subtle as Bill. Next day I was off to cooking school where I learned to bake a cake. A real, old-fashioned pound cake that called for six eggs.

A home economist from Whirlpool-Singer Corporation, the company that made my range, provided the recipe, the helpful hints and the moral support.

Well, it was a perfect cake. Light, evenly browned and with a wonderfully subtle lemon flavor.

Of course, my balanced heat oven was a boon. No hot spots or cold corners anywhere. Everything bakes uniformly.

Bill loved the cake. Ate five pieces and not a word about eggs. Although I can hardly illustrate the one-handed egg-breaking technique, I can give you six practice starts with my new recipe.

Modern Pound Cake
4 c. flour
1/2 tsp. salt
3 tsp. baking powder
1/2 c. butter
1/2 c. shortening
2 c. sugar
6 eggs
1 c. milk
1/2 tsp. vanilla
1 tsp. lemon rind, grated

Sift dry ingredients. Cream butter and shortening thoroughly. Add sugar to creaming thoroughly and beat well. Add eggs one at a time beating well after each.

Mix milk and vanilla. Add flour mixture and milk to batter alternately, beating after each addition. Stir in lemon rind. Pour into greased 14 inch cake pan.

Rev. Mr. Batson Reviews Book At Mission Study

The Rev. Schuyler Batson gave an illuminating and inspiring review of John Skoglund's book "They Reach For Life" at a mission study course sponsored by the United Council of Church Women at the Methodist Church on Mar. 2.

The lecture was divided into two parts, one covering the physical health picture of the world, and the other the spiritual health conditions. He pointed out that if maps were drawn showing areas where people are hungry, sick, and without the Christian religion, we would find that the areas coincided.

The presence of the Junior Choirs of the affiliating churches added much to the worshipful atmosphere of the evening as they sang under the direction of Mrs. J. B. Goldman.

During intermission, refreshments were served, with Mrs. W. C. Chevis as hostess. The Rev. A. M. Ellison gave the invocation, and benediction, and Mrs. Walter Rausch acted as chairman of the evening.

Next regular meeting of the United Council of Church Women will be held at the Baptist Church on Friday, May 4 with Mrs. Schuyler Batson in charge of the program at 10 a. m. A coffee hour will precede the program.

trated Bible. In addition to the main text, the books feature an alphabetical list, a dictionary of Biblical terms and a concordance.

Four other gift books, novels, were donated by C. H. Harrison, Jr. of Chicago. They were authored by Harrison's late mother, Edith Ogden Harrison, wife of a former mayor of Chicago.

Harrison's gift to the library was prompted by his remembrance of his mother's stories about Bay St. Louis, where she resided as a young girl. The Ogden family moved away a number of years ago.

Titles of the romantic novels include "Great Mobs," "All the Way Round," "The Scarlet" and "The Scarlet."

First of Series Of Book Reviews Held At Library

In the first of a series of book reviews by the city-county Memorial Library, Mrs. James M. Robert chose as her subject the amusing best-seller "Mother of the Groom."

Well-known for her sparkling conversation and wit, Mrs. Robert, wife of Tulane University's retired Dean of Engineering, delighted her appreciative audience by her presentation of the hilarious narrative.

Mrs. Paul Kimbrell introduced the speaker, following a few welcoming remarks to the guests by Mrs. Adeline Samuel, president of the library board.

Following the review, guests enjoyed an informal tea.

Book reviews are planned later this month and in April. Persons interested in attending the reviews may send a donation of \$1.00 to Miss Louise Crawford at the library or may make this donation at the door. Proceeds from reviews will be used for the purchase of books for a Caroline Snedaker shelf.

Jesuit Students To Attend Mass Sun.

Hancock County Jesuit students, past and present, are being invited along with over 600,000 students to attend a Mass and breakfast Sunday to commemorate the fourth centenary of the death of St. Ignatius Loyola, founder of the Society of Jesus.

The twelve-month period preceding July 31, 1956, has been named the Ignatian Year. St. Ignatius died in Rome on July 31, 1556. He was canonized along with St. Francis Xavier on March 12, 1622.

In Biloxi, the Mass, Communion and breakfast will be held for those alumni and associates in the Gulf Coast area, including Bay St. Louis, Waveland, Pearlport, Clermont Harbor, Pass Christian, Picayune and McComb.

gan Mar. 1 and will continue through March 31. Only officially registered volunteer workers of the Chapter are authorized to collect during this drive," Pepperdene pointed out.

Meanwhile, other Red Cross officials urged the support of the drive to help carry on the many Red Cross services of the local and national programs.

One of the most important of these services is that of aiding servicemen and veterans in camps and hospitals. The Hancock County Chapter serves the Biloxi and Gulfport VA hospitals and Keesler Air Force Base hospital.
